The trans- Denver actions in United States Steel dominated Buffalo the whole market, enormous blocks of Indianapolis that security changing hands. Opening Providence sales were of 13,500 shares, orders being executed at 78% and 79, thus establishing the stock on a new record basis.

A market in which United States Steel Washington, D. C... A market in which United States Steel rose for the first time above 30, as it did late in the day, cannot be called entirely uninteresting, yet the comparison of the sales of United States Steel with the aggregate of all stocks shows how largely that stock overshadowed everything else. The movement was accompanied by signs of a highly speculative origin.

of the most inactive of the year, and this marks the situation on the eve of the fall

Heavy buying continues in the iron and steel trade. The higher cost of materials is one of the features of the situation which work for conservation, but as the revival of activity has taken place in spite of other adverse conditions it ignores this development. Advices from the leading cities continue to speak of business improvement and in some cases the August trade was in excess of all former records for the month.

Wholesale dry goods houses have had a very substantial volume of business of ate. Woolen and worsted mills show litproved conditions. Retailers are still operating conservatively, but steadily, and mills are not accumulating goods.

Footwear Is Dull.

Former duliness noted in the footwear market continues unabated, with buyers holding off. New England factories are fairly busy, though some have completed the fall run. Tanners are operating in the Chicago hide market for current wants and some good sized sales are made. Prices have advanced on most descriptions Country hides remain quiet, but some light sales have been moved. The leather market continues in a wait
